at NLT 8/5 - 8/7

The initial contact by the staff of the Senate Select Committee
~~on~~ to Study Governmental Operations with Respect to Intelligence Activities
with the Office of Presidential Libraries occurred on April 1, 1975,
when Karl R. (Rick) Inderfurth telephoned Richard Jacobs requesting
general information about the presidential libraries, the ~~material~~
availability of ~~material~~ the holdings of the libraries for research
by the committee staff, and the availability of finding aids to the
library materials. He also requested information on the daily diaries
kept by each President and their availability, and he asked whether
each President had made tape recordings of Presidential meetings or
conversations. All such information was provided to the Select
Committee by April 18. A number of telephone requests and one
visit by Mr. Inderfurth to the Office of Presidential Libraries
occurred in the ensuing weeks. Registers or inventories of the ^{record of the} Kerner,
Scranton, and Warren commissions, the national security files at the Kennedy Library.
By May 2 it was evident that members of the Senate Select Committee
one or more
staff would be visiting ~~the~~ Presidential libraries in the future, and
on that date a memorandum of guidance was issued to the ~~the~~ libraries.
This memorandum was discussed with GSA legal counsel and with the
Archivist and the Deputy Archivist of the United States. (Copy attached)

and various materials from the Truman Library were provided.

This memorandum cautioned the libraries that donor restrictions must be observed, and ~~xxxx~~ provided specific information on access to and copying of national security classified material for the Committee.

It was not until late June that the Committee made a specific request to see material, ~~xxxx~~ in presidential libraries. The first request, on June 25, enumerated specific files ~~of~~ in the national security files at the Kennedy Library that the committee wished to review, named specific staff members who would be visiting the Kennedy Library to do research in the files, and requested that NARS seek the agreement of the Departments of State and Defense, the Central Intelligence Agency, and the National Security Council ~~xxxx~~ for Committee access to material in these files' originated by them. The Archivist made such a request of the agencies in writing.
